

Save the Date! 3rd International Oxyflame Workshop

Dear colleague,

On March 4th and 5th, 2020 the Collaborative Research Center “Oxyflame” hosts its

3rd International Oxyflame Workshop.

This workshop addresses researchers and scientists concerned on solid fuel combustion and heat transfer processes.

The main focus of this workshop will be on fundamental experimental results and theoretical questions related to oxy-fuel combustion of solid fuels. The state of the research and research needs shall be presented and discussed with acknowledged international participants.

Date: March 4th and 5th, 2020 (full day, each)

Venue: Hotel Schloss Montabaur, 56410 Montabaur, Germany

More information here:

<http://www.oxyflame.de/events-press/events.html>

An invitation with the tentative program and a call for presentations will follow soon.

Yours sincerely,

Andreas Dreizler
